Produktbeschreibung

Riex ND30 Inner Drawer Accessories, Front Panel Holder The Riex ND30 Front Panel Holder is an important accessory for ND30 internal drawers, designed to secure the front panel efficiently. The holders allow for a precise fit and seamless integration of the front panel, shortened to match the drawer width. This system ensures the front assembly is effortlessly snapped into the side panels, providing a sturdy and reliable attachment. Key Features: Durable Material: Made of durable metal for long-lasting use and lightweight handling. Compatibility: Compatible with ND30 internal drawers for secure front panel attachment. Precision Fit: Designed for panels shortened according to the width of the drawer. Easy Assembly: Easy assembly with a snap-in mechanism for quick and hassle-free installation. Ideal for creating a stable and elegant front panel setup, enhancing both functionality and aesthetics of ND30 drawers.
