### Описание продукта

Riex GN58 Sorter - from 300 For those seeking a combination of elegance and durability, the Riex GN58 sorter delivers unmatched performance. This built-in waste bin is tailored to meet modern needs, seamlessly adapting to a wide range of furniture setups. Designed for installation at the bottom of a cabinet featuring standard side-opening doors, it consists of a complete assembly of a plastic frame with ball-bearing slides and an automatically opening lid. It is ideal for narrow cabinets starting from a width of 300mm. The lid on the containers opens automatically when the bin is pulled out. The container can be easily manipulated—pulled out and carried using the folding handles. The bins are manually extended by gripping the body of the bin. Key Features: Constructed from premium materials for enhanced durability and strength Easy to install, ensuring a hassle-free setup process Plastic frame with ball-bearing slides for smooth operation Automatically opening lid for added convenience Designed for narrow cabinets starting from 300mm in width
