Описание продукта

Riex NC40 Mounting Plate for Hinge Clip-On, H2 The raised height of 2mm (H2) compensates for thinner side panels, providing a precise fit and supporting half overlay and inset hinges. Key Features: Raised Height H2: Specifically designed for half overlay and inset hinges or thinner materials. Oval Holes: Allows for screwing with standard screws and offers possible vertical adjustment of the door. Multiple Installation Options: Can be installed using screws or pre-installed euroscrews. CAM Screw: Provides easy one-step vertical door position adjustment.
