Описание продукта

Riex NC70 Mounting Plate for Hinge Clip-On, H0 Optimize your hinge installation with the Riex mounting plate, designed for clip-on hinges NC50 and NC70. This H0 height plate provides versatility and robust support for most of your cabinetry door installations. Key Features: Compatibility: Suitable for all Riex clip-on NC70 hinges. Standard Height: The mounting plate has a height of H0, particularly suitable for full overlay hinges. Varied Installation: Can be installed using standard screws, pre-installed euroscrews, or dowels, providing multiple mounting options. Easy Alignment: Includes a CAM screw version for easy one-step adjustment of the vertical position of the door, ensuring perfect alignment.
