Описание продукта

Riex NC70 Hinge Clip-On, Full Overlay, 155° Upgrade your cabinetry with the Riex Furniture Cup Hinge NC70, designed for full overlay doors with a 155° opening angle and zero protrusion. This hinge combines functionality with user-friendly features to enhance your cabinet doors. Key Features: 155° Opening Angle: Provides a wide opening range, allowing easy access to the cabinet interior. Zero Protrusion: Ideal for cabinets with internal drawers, as the hinge does not interfere with the cabinet's interior when opened to 90°. Easy Detachment: Lever-shaped casted clip mechanism enables quick and effortless detachment from the mounting plate. Precise Adjustment: The hinge arm features a CAM screw for easy adjustment of the gap between the cabinet and the door. Steel Damper Option: Choose between hinges with or without a steel damper, capable of absorbing even very dynamically closing doors for smooth, quiet operation.
