Описание продукта

Riex NS30 Hinge Mini Slide-On, Inset Optimize your cabinetry with the Riex mini cup hinge set, tailored for inset doors. This set offers practical features ensuring dependable performance in various applications. Key Features: Slide-On Mechanism: The hinge slides onto the mounting plate under the screw. Adjustable Gap: The mounting plate screw allows for adjustment of the gap between the door and the cabinet. 26mm Cup Hole: Features a 26mm diameter cup hole, suitable for smaller door applications. Closing Spring: Equipped with a closing spring, though it does not include a damper. Mounting Plate H0: Mounting plate with a base height of H0, featuring oval holes for installation with standard screws.
