Описание продукта

Riex NU30 Concealed Slide, Single Extension, Soft-Close, 25 kg, 2D Brackets Upgrade your wooden drawers with the Riex NU30 concealed slide, designed for under-mount installation and superior soft-close functionality. These slides provide smooth, quiet operation while maximising storage efficiency with their single-extension design. Key Features: Undermount Design: Designed for all-wood drawers with concealed under-mount installation. Weight Capacity: Supports up to 25 kg, including the drawer's weight. Soft-Close Functionality: Provides soft-close functionality for silent and controlled closing. Single Extension: Features a single extension covering 3/4 of the drawer length. 2D Adjustments: Adjustable 2D brackets allow precise vertical (up and down) and horizontal (left and right) alignment of the drawer front. Experience reliable and seamless operation for your wooden drawers with the Riex NU30 concealed slides, ensuring precise adjustments and durability for everyday use.
